

THE CENSORS ARE DEFIED

The Russian Press Persists in
Printing Liberal News.

DENOUNCE BUREAUCRACY

All Efforts of Government to Prevent
Meetings Being Held Unavailing—
Newspapers Ignore Orders Not to
Print News of Meetings.

St. Petersburg, April 13.—The radical position taken by the Pan-Russian congress of attorneys, which has been meeting here, in its denunciation of the bureaucracy and its demand for a constitution and the similar stand taken at a meeting of college professors have created a great sensation.

All the efforts of the government to prevent the meetings being held by prohibiting the delegates from assembling in public were unavailing. The newspapers were then forbidden to mention the meeting, and for disobedience in referring to the attorney's meeting this morning's issue of the Son of the Fatherland were confiscated.

The Russ also boldly defied the authorities printing the resolutions adopted by the professors. The action of these influential bodies served to emphasize the growing outcry against the Russian commission, which is proceeding with its work without any representatives of the people, thus furnishing the Liberals with justification for the charge that the execution of the reforms outlined in the imperial rescript is completely in the hands of the bureaucracy against which all classes of society are fighting.

The bishop of Nijni Novgorod has written a letter advising the boycott of the Moscow Gazette, which, he says, is stirring up war between the ignorant and the intelligent classes.

The commission which has been dealing with the newspaper censorship under the presidency of Privy Councillor Kobeko has decided to abolish the censorship of special telegrams to daily newspapers.

ASSASSIN KNOWN.

He Admits That He Is Ivan Kalieff, a
Former Suspect.

St. Petersburg, April 13.—When two photographs, taken of him when he was arrested and expelled for political reasons from the University of St. Petersburg in 1899, were shown to the assassin of the Grand Duke Sergius, he admitted his identity and immediately signed the act of accusation with his true name, Ivan Kalieff. His trial will begin April 18.

St. Petersburg, April 13.—It is reported that two nieces of Gen. Treppoff, the governor general of St. Petersburg, attempted to commit suicide after the arrest of their friend, Miss Leontiera, daughter of Gen. Leontiera, former governor of Poland and Pottava, on the charge of being an anarchist. She was arrested by Gen. Treppoff's special police on March 30.

FRANCE AND CHURCH PART.

Measure Separating State from the For-
mer Passes Deputies.

Paris, April 13.—The Chamber of
Deputies by 422 to 45 votes has adopted
the bill providing for the separation of
church and state. It is as follows:

"The republic assures liberty of con-
science and guarantees the free exercise
of religion, the only restrictions being
those in the interest of public order."

All the amendments were rejected.
The majority in favor of article 1
was considered as showing the strength
of the supporters of the measure.

DUKE IS GOING BACK.

Manchester Not to Manage an American
Railroad.

Cincinnati, O., April 13.—Instead of
becoming the manager of an American
railway, the Duke of Manchester will
return to England to resume the active
management of his estates and take
up his duties as a member of the En-
glish House of Lords. Such is the de-
claration of his father in law, Eugene
Zimmerman, president of the Cincinnati,
Hamilton & Dayton railroad, who does
not seriously consider the report that
the duke is to assume the management
of the Great Central route.

"GOODBY, SUCKERS."

Message Posted by an Abandoning G.
R. Q. Concern.

Kansas City, Mo., April 13.—Patrons
of the American Mercantile company
yesterday found the doors locked and
this notice posted:

"Goodby, you suckers, goodbye."

The company wrote contracts with
individuals who obligated themselves to
pay certain sums for eighty weeks at
the end of which time the individual
was to receive his money back with
very liberal interest. The company's
first contracts were just beginning to
mature, and patrons were demanding
their money. Three women, who had
paid in \$2 a week each for eighty weeks,
were among the disappointed visitors
at the offices yesterday. They had come
to cash their contracts for \$200 each,
the amount they had been told they
could draw.

From the volume of the concern's mail
it is estimated that the "suckers" num-
ber 3,000 or more, and they are scat-
tered all over the West. The manager
cannot be found.

VIOLENCE IN CHICAGO STRIKE.

Strike Sympathizers Assault Manufac-
ture—Arbitration Move Stopped.

Chicago, April 13.—Henry Levinberg,
a brush manufacturer, was hauled from
the seat of a wagon and beaten by a
mob yesterday after having delivered
a load of goods to Montgomery, Ward
& Co., whose teamsters and garment
makers are on a strike. The strikers
yesterday adopted the trick of tying
the wheels of wagons together with
chains.

Negotiation for a settlement were
abandoned yesterday by a committee
of the commercial exchange, who have
been holding conferences with a com-
mittee of the Federation of Labor. The
labor men remained firm in a demand for
arbitration of the strike of the garment
workers, before the sympathetic strike
of teamsters is ended.

A Peculiar Strike of Quarrymen.

The strike of quarrymen in the Leis-
estershire, England, granite quarries is
a strange one. The pieceworkers claim
the right to work at such times as
they see fit; the employers say that
their irregular hours interfere with the
dayworkers, and that there can be no
hardship in having regular hours of
work.

STERN FACES SMITH.

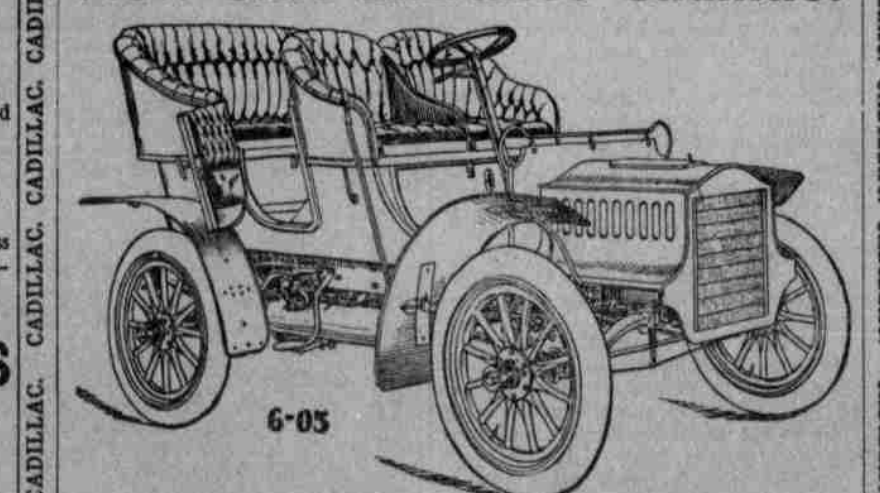

Is Said to Have Failed to Identify Nan's
Relative.

New York, April 13.—J. Morgan Smith
and his wife, who were brought here
from Cincinnati Tuesday to answer to
a charge of conspiracy with Nan Pat-
erson to obtain money from "Caesar"
Young, were arraigned yesterday, but
upon request of their attorney the case
was continued until Friday.

Hyman Stern, the pawnbroker, from
whom the pistol was purchased with
which Caesar Young was killed, took a
look at J. Morgan Smith at the criminal
courts building, to see if he could
identify him as the tall man whom he
described as the purchaser while on the
stand at the last two trials. It was
persistently rumored about the build-
ing that he had failed to identify Smith,
and he is reported to have said after
seeing him that he was no more sure than
before of the man.

NO ATTACK ON BOWEN

Nothing Personal in Castro's
Statement.

ATTEMPT AT EVASION.

Diplomats Hold Reply as Somewhat of
a Quibble—Asphalt Case Taken
Up to Establish a
Precedent.

Washington, D. C., April 13.—While
officials here decline to make public at
this stage the text of President Cas-
tro's reply to Minister Bowen's arbi-
tration proposal, it may be stated that
there is nothing personal to the American
minister in President Castro's state-
ment. So that if it should be eventu-
ally held to be undiplomatic and even
rude, then the injury will be sustained
by the state department rather than
by the minister, and therefore it is
the former alone that will be concerned.

This is particularly true of an inquiry
from the Venezuelan government as to
whether the United States presumed to
question the integrity of the Venezuelan
courts, the inquiry being couched in rather
vigorous terms.

It also appears that there is a dispo-
sition on the part of Venezuela to local-
ize the issue by concentrating atten-
tion upon the Oleott case, which was
the subject of arbitration in 1903, thus
evading the attempt by the state de-
partment to rest its case principally
upon the asphalt controversy.

The state department has never been
particularly strenuous in its efforts to
force a settlement immediately of the
Oleott case, or any other minor pending
claims, being willing to allow all of
these to be adjusted at some future
date through the usual agency of an
international mixed commission.

But it has pressed the asphalt case
principally because the Venezuelan gov-
ernment in that matter may establish
a precedent that will invalidate every
foreign concession.

SECRETS IN THE TRUNKS.

Sensational Revelations Expected in the
Beef Trust Investigation.

Chicago, April 13.—An investigation
by the Federal grand jury, which is
inquiring into the working methods of
the alleged beef trust of a much deeper
nature and a wider scope, it is asserted,
is to result from the examination of the
contents of the eight trunks taken from
the safety vaults in the First National
Bank building. When these trunks were
opened, it is said, the entire secret
transactions of the Aetna Trading com-
pany, a corporation through which the
alleged secret business of the packers
was transacted, was revealed to the
jurors, and as a consequence many new
witnesses will be subpoenaed. The trunks
and contents have been impounded on
an order by Judge Sanborn, so that
no one by legal process can obtain pos-
session of them. Among the names of
the new witnesses subpoenaed Tues-
day are said to be those of G. H. God-
frey, alleged secretary and treasurer of
the Aetna Trading company, and R. H.
Cowan, another official of the company.

The initials R. H. C. appear on each
of the eight trunks taken from the de-
pository vaults, and it is believed they
belong to Cowan. Godfrey and Cowan,
it is asserted, left Chicago the day the
investigation by the jury began. They
recently were in Toronto, Canada, where
it is said all trace of them was lost.
Delavan Frazer, manager for the Na-
tional Packing company, was one of
the most important witnesses before the
jury Tuesday. He was on the stand for
nearly two hours, but refused to say
what information he had given to the
jurors. Another witness who testified
yesterday was J. A. Howard, connected
with a New York packing firm.

LOST HER LIFE.

Burning of Wayside Inn at Lyme
Caused One Fatality.

Lyme, N. H., April 13.—Mrs. John
Colby, a widow 65 years old, was
burned to death yesterday in a fire
which destroyed a building a hundred
years old, known as the wayside inn
in this town. The fire is believed to
have started from an overturned lamp.
The building was occupied by Arthur
Heaton, while Mrs. Colby lived in
rooms in the ell. The building was
one of the landmarks of this section
of the state and was owned by Mrs.
E. F. Palmer. The loss will not ex-
ceed \$3,000 with no insurance.

NERVOUS AND DESPONDENT

Mrs. R. T. Brockette, a Prominent New
York Society Lady, Tells the Red
Cross Pharmacy What Rexall
Mucu-Tone Did for Her.

Mrs. R. T. Brockette, well known in
foreign, as well as American society
circles, writes the Red Cross Pharmacy
that Rexall Mucu-Tone has overcome
her prejudices against patent medicines.

"I have received so much benefit from
the use of your Mucu-Tone that I feel
I ought not to hesitate in an acknow-
ledgment of my debt to you. In 1900
I went abroad for my health, spending
three years in France, Switzerland, It-
aly, Holland and England. I was quite
weak, and the slightest effort brought on
a fit of trembling, so that I had to
travel very leisurely. I took the op-
portunity to consult several good phy-
sicians in Paris and London, but the
benefit I received from their treatment
was but slight and temporary. Return-
ing to New York last fall, I found
myself still an invalid.

"My appetite failed, I could not sleep,
I had severe headaches and the result
of any little shopping trip was always
complete prostration. The doctors
thought me suffering from nervous de-
bility and malnutrition.

"A short time ago a friend recom-
mended your Rexall Mucu-Tone to me
very highly. I had never thought of
using a 'patent medicine,' having a nat-
ural prejudice against them. But I was

MRS. R. T. BROCKETTE

so weak and sick and my friend's belief
in the medicine so strong that I bought
my first bottle of Mucu-Tone then and
there.

"Since then I have bought four other
bottles and am practically a well woman.
I eat heartily, sleep soundly, and
am no longer nervous and pale, but a
hearty, active woman. If my case was
as the doctors said, one of nervous de-
bility and malnutrition, then I am sure
you have in Mucu-Tone a wonderful
remedy for this condition. Everyone
notifies the change in me and compli-
ments me on my good health.

"Grateful for your helpful and heal-
ing medicine, I remain, etc., Mrs. R. T.
Brockette, 215 West 116th St., New
York City."

"There are many Barre people afflicted
just as Mrs. Brockette was, who if they
would only overcome their prejudices
against patent medicines, could be cured
in a few weeks' time," says Mr. Wells of
the Red Cross Pharmacy. "We have any
number of our prominent people tell
what Rexall Mucu-Tone has done for
them; but when we suggest their giving
us a statement to that effect, they al-
ways say no, they wouldn't want
anyone to know that they had used a
patent medicine. That's why you con-
stantly hear that only poor people use
patent medicines, but it is a mistake.
We have as many customers among the
society people for Rexall Mucu-Tone as
we do among the working class, and we
keep them all through the merits of
the preparation. We have that confi-
dence in it that we willingly guaran-
tee a fifty cent trial bottle will produce
beneficial results or we will refund the
purchase price to any customer."

SHOT A SHERIFF DEAD.

Mississippi Mob Enters Jail to Release
Prisoner.

Senathio, Miss., April 13.—Sheriff Po-
ag of Tate county was shot and killed
yesterday by eight masked men, who
entered the jail and attempted to re-
lease James White, who is to be placed
on trial next Monday on the charge of
murder.

The invaders gained an entrance be-
fore the sheriff was aware of it. He
ordered them to leave, and when they
refused he fired, wounding one man.
The mob then fired on the sheriff, two
bullets taking effect, one passing through
the left lung. The men left without
making the rescue, taking their wounded
companion with them.

Burke and Thomas W. Burns, privates

stationed at Fort Ethan Allen, were ar-
raigned in the county court late Tues-
day on the charge of highway robbery.
It is alleged that the two troopers held
up and robbed C. F. Vincent of this city

night of Nov. 1, 1904. Both men pleaded
not guilty.

MUST KEEP THE \$100,000

American Boards Decision is
Confirmed.

ISSUE FORMAL STATEMENT

Rockefeller's Money Cannot Be Returned
— Such Action Is Morally
Wrong and Legally
Impossible.

Boston, April 13.—The retention of
John D. Rockefeller's donation of \$100,-
000 for the work of the American Board
of Commissioners for Foreign Missions,
decided upon yesterday by the prudential
committee and informally announce-
ed at that time, was confirmed this
noon by the issue of a formal statement
of the reasons which actuated the com-
mittee in accepting the report of the
special sub-committee that the money
be kept. This statement may be sum-
marized in a sentence, as arguing that
the return of the money would be mor-
ally wrong and legally impossible.

There is no effort to make a stand
on the legal technicality, however, the
prudential committee professing entire
willingness to assume responsibility for
deciding the issue on moral grounds.
It is further stated that the prudential
committee has in reserve, and will make
public later, what is described as an
official document in the case, said to be
a letter from a person identified with
the Rockefeller side, which has a very
important bearing on the controversy
which has arisen.

CLAIMS THAT HE SHOT IN SELF DEFENSE

Prisoner, Reuben Bronson, Took Stand
Yesterday and Told of Meeting
Charles Lyon, the Victim of
His Bullet.

Guildhall, April 13.—The principal evi-
dence at the Bronson trial yesterday
was that of the respondent, Reuben
Bronson. He testified that on the night
of the shooting Frank and Charles Lyon
came to his house. Frank used very
threatening language and then fired two
shots at witness. Witness then fired
at Charles Lyon, believing that the lat-
ter was about to attack him, and the
shot took effect.

TRIBUTE TO ROOSEVELT.

Joseph Chamberlain Declares He Is One
of Our Strongest Presidents.

London, April 13.—Joseph Chamber-
lain paid a warm tribute to President
Roosevelt yesterday afternoon, at the
annual meeting of the liberal unionist
club here.

"At the present moment," said the
former minister for the colonies, "the
president of the United States is one
of the ablest, one of the strongest, and
one of the most courageous men who
ever sat in the presidential chair."

"He is a patriot and he has openly
declared that one of his great objects
and desires is to connect the United
States more closely with our Dominion
of Canada by reciprocity. I do not
know what success he may have with
his countrymen, but certainly they are
in a position to offer very favorable
terms to the Dominion."

BLACK HAND OUTRAGE.

caped.

According to the police, Caciozza had
received three letters from the Black
Hand Society, demanding \$500.

workers in the hearings before the com-
missioners named by President Roose-
velt to settle the great strike in the

F. Brooks of Gardner, Mass. The di-

Two Aged Newbury People.

Two aged people in West Newbury
recently celebrated their birthday an-
niversaries.

Mrs. Sally Wilson celebrated her 93rd
anniversary Tuesday, April 4. She is
unusually active and bright for her
years.

David Eastman was ninety-one years
old Sunday, April 2. He has been well
until recently, when he became serious-
ly ill. His condition is now somewhat
better.

The western side of Lake Champlain
beyond Juniper island and opposite
Burlington appears free from ice and
there are many open places on the
eastern side of the island.

WHISKEY OR FOOD--WHICH DO YOU TAKE?

A FEW INTERESTING REMARKS ON
THE SUBJECT.

"To be
Or not to be;
That is the question."

To be strong and healthy or to be
weak and sickly; which do you prefer?
Health is a gem of priceless value and
with health, strength can be acquired.
Strong men and women are the Nation's
pride and are responsible for the proper
development of future generations. To
become strong, one must have lots of
good healthy flesh from which to de-
velop muscle.

Physical culturists are becoming more
and more numerous. You can scarcely
pick up a magazine without running
across from six to a dozen adver-
tisements of methods for developing the
body. These all have more or less merit,
but the body cannot be developed unless
there is some flesh on the bones to be
converted into muscle.

Persons leading sedentary lives and
those employed in factories, mills, etc.,
do not have the natural strength which
is possessed by those whose occupations
keep them out of doors. Inactivity and
confinement indoors cause a relaxation
of the muscles and consequently strength
does not develop.

What shall be done for these people?
Many turn to stimulants and get tem-
porary relief, but the effect is not last-
ing. Others take the various remedies
which are offered but these are worse
than nothing. Most of them contain a
large percentage of alcohol, and while
they may produce an exhilarating effect
at the start, their use works untold
injury. They slowly but surely disar-
range the system and when their use
is discontinued, the reaction sets in
which leaves the victim in a condition
where it is necessary to use energetic
measures. An examination of the tis-
sues of the body will disclose the fact
that the alcohol which is being taken
into the system inflames and consumes
them, instead of healing and building
them up.

What shall be taken when your sys-
tem is run down and your vitality is
low? Obviously what is needed is a
food that produces fat and repairs the
wasted tissues; something that enriches
the blood and increases circulation; a
builder, not a destroyer.

Such a food is Mace's Emulsion. It
is a combination of pure Norwegian Cod
Liver Oil with Malt Extract and Hy-
pophosphites of Lime and Soda. The
oil is fat and makes fat in the body.
The malt, according to physicians, is
the highest form of food known, and the
Hypophosphites are a tonic. You thus
get a food, a medicine and a tonic com-
bined. If you are run down Mace's
Emulsion will build you up just as sure-
ly as the sun will rise on the morrow.
It guards you against Colds, Grip and
Pneumonia by putting your system in
shape to withstand the changeable
weather. It builds up steadily and
holds all it gains for you.

Beware of the wine preparations of
cod liver oil. They contain no oil and
consequently cannot produce the fat
which is desired, and the alcohol in them
tears down instead of building up the
tissues.

Remember, Mace's Emulsion is non-
alcoholic; it contains no wine, no whis-
key; it is food and food alone. It may
be procured of E. A. Drown, Druggist,
Barre, Vt.

CROSS SIERRAS.

A New \$10,000,000 Railroad to Be
Built by Santa Fe.

Chicago, Ill., April 13.—The Record-
Herald says: "Official announcement is
made that the Santa Fe has decided to
build a \$10,000,000 cut-off to the Pacific
coast with a view of getting rid of the
mountain grades. Orders have been
given for the purchase of all the mat-
erial necessary, and work will be
started within 30 days."

"The work will be pushed rapidly,
and the new transcontinental low-grade
line will be ready for opening within
a year or 15 months. The western end
of the cut-off will be at Belen, N. M.,
27 miles south of Albuquerque, on the
El Paso line, and the eastern end will
be at Texico, 250 miles away, on the
Pecos Valley line of the Santa Fe."

"The new road will cross the Sierra
Nevada mountains at Abo pass at an
elevation of 6491 feet, but at a maxi-
mum grade east-bound of 1 1/4 per cent.
The line will cross the Santa Fe Cen-
tral near Willard and the El Paso and
Northwestern at Llano, N. M."

COLE SUCCEEDS EMMONS.
